Dear Sumbul Siddiqui,

My name is Emma Rybeck. I grew up in Cambridge and attended the King Open school. I am writing to you about the issue of the relationship between the City of Cambridge and Hewlett Packard. As someone organizing for these issues on my college campus, it is so important for me to see the city councilors of my hometown vote with their conscience, and take a stand, on the issue to be discussed on April 30th. This resolution would require the City of Cambridge to stop purchasing from Hewlett Packard Enterprise (HPE) and Hewlett Packard Incorporated (HP Inc) until these companies fully terminate their support for violence against and denial of rights to Palestinians, immigrants, and people targeted by the U.S. prison system. I want to emphasis that this campaign targets the use of technology in enforcing discrimination and human rights violations. It is does not target one country, one group of people or one religion. As a Jewish person, I choose to take action when I find myself complicit in violence and I ask that you do the same.
Thank you for taking the time to read this!

Best,
Emma Rybeck
